

# DO YOU WANT TO CONTINUE LIVING IN THE UK AFTER BREXIT?

If you are an EU, EEA, Swiss Citizen or non-EU family member, you and your family can apply to the *European Union Settlement Scheme*.

At the Cardinal Hume Centre, we can give you the support needed with the application.

## EUROPEAN SETTLEMENT SCHEME PROJECT

The European Settlement Scheme Project is designed to ensure that eligible people are able to access Settled Status or Pre settled Status by the quickest route possible.

- Settled Status – If you have been living continuously in the UK for 5 years, you can apply for this status and stay in the UK as long as you like
- Pre Settled Status – If you have been living in the UK for less than 5 years, you can apply for this status and you can then apply for settled status once you have lived in the UK continuously for 5 years.

## HOW THE PROJECT WORKS?

The project provides you with information, support and resources to successfully submit your EUSS application online.

## WHAT CAN WE OFFER?

We want our local community to see this project as an opportunity to explore the digital world by developing and enhancing their digital skills, and becoming more aware of the increasing applicability of digital processes.

We can offer one-to-one sessions and workshops and, as well as helping you with your application, we can support you to gain the skills to assist others who are applying. If you have a more complicated case we can refer you to our immigration team.

You can call or email us to book an appointment or for further information:
